MINOR IN AEROSPACE ENGINEERING

A minor in aerospace engineering is comprised of five courses:

MAE 2010

And two courses from List A

List A:

- MAE 2100 Thermodynamics
- MAE 2300 Statics
- MAE 2310 Strength of Materials
- MAE 2320 Dynamics
- MAE 3210 Fluid Mechanics

And two courses from List B

List B:

- MAE 3010 Astronautics
- MAE 3220 Advanced Fluid Mechanics
- MAE 3420 Computation Methods in Aerospace Engineering
- MAE 3610 Aerospace Materials
- MAE 3730 Flight Vehicle Dynamics
- MAE 3820 Aerodynamics Laboratory
- MAE 4120 Air Breathing Propulsion
- MAE 4130 Rocket Propulsion
